Workers' Compensation Commission

Medical Service Provider Manual Update March 30, 2018

Current Ordering Options for MSPM

On March 22, 2018, the South Carolina Workers' Compensation Commission announced that the Commission approved changes to the Medical Services Provider Manual, in their business meeting on March 19, 2018. The changes will take effect on April 1, 2018.

Due to circumstances beyond our control, the vendor is unable to offer online purchase of the 2017 or 2018 Manual. We anticipate the Manuals will be available for purchase on-line no later than April 6. However, you can place your order by calling 1-800-464-3649, select option 1.

We will make an announcement when the online purchase option is available. We apologize for any inconvenience or confusion this may cause.
