

**Human Resource Letter No. 11-10**  
**Community Health Charities**  
**March 24, 2011**

As mentioned in the Agency Wide Meeting this morning, the Community Health Charities fundraising campaign has begun and will end on April 22, 2011. Community Health Charities has partnered with the most respected health charities to make workplace giving easy. You decide how much to donate and which charities you wish to support within your community. You can choose to donate through payroll deduction or by making a one-time payment. Through your contributions, you can play vital role in helping these health charities provide grants for research, support groups for those afflicted and their families, public education, early detection and screening programs.

Please contact me if you need a brochure, Campaign Pledge Form or if you have any questions.
