

**Human Resource Letter No. 11-12**  
**BlueChoice Members Receiving New Cards**  
**May 31, 2011**

BlueChoice Health Plan HMO members are now receiving new identification cards. The phrase "SC state employee" in the upper right corner of the front of the card is the only change. It was added to make it easier for providers to determine who is covered by the BlueChoice plan offered through the Employee Insurance Program. Although the identification numbers have not changed, BlueChoice prefers that members use the new cards. The old cards should be destroyed. Subscribers who have additional questions should call Member Services at 800-868-2528 (toll-free outside Columbia) or 803-786-8476 (in the greater Columbia area).

Please be reminded the new cards are only for employees enrolled in BlueChoice. There are currently no cards being distributed to employees in the State Health Plan.
