

Congress has passed a two-month extension on the social security tax withholding. Please see the [attached memo](#) from the Office of the Comptroller General for more details.

You may still see a change in the net amount of your paycheck on January 1, 2012, but it will not include the 2% social security tax change. The reduced rate that was scheduled to expire on December 31, 2011 has been extended through February 29, 2012.

We will keep you informed of any additional information that we receive.
