With the exception of the 5 Critical Access Hospitals (CAH) identified below, Professional Fee Revenue Codes 960 through 999 being billed on the UB-04 Form should be billed on the HCFA 1500 Form. Claims prepared for a provider by way of a billing service or software vendor must comply with all applicable sections of the Medical Service Provider Manual (MSPM). Professional Fee Revenue Codes 960 through 999 billed on the UB-04 Form is considered non-covered charges under the Workers' Compensation Act.
