Workers' Compensation Commission

ADVISORY NOTICE

June 24, 2026

Revisions to the Single Commissioner Decision & Order Template

The Commission has published a revised template for single commissioner decisions and orders. The revised version of the template can be found on the Commission's website at: [Forms | Workers' Compensation Commission](#).

Due to confusion arising out of APAs and exhibits that are submitted at the time of a hearing but are not included in the parties' pre-hearing submissions, we have included an additional table where the drafting party shall separately list any APAs/exhibits that they submit at a hearing but that are not included among the APAs/exhibits listed in the pre-hearing briefs. This will help our commissioners and their administrative assistants in taking full account of all of the evidence that has been submitted at different times and through different means.

For additional information regarding these changes, please contact:
